

Planning and Zoning Meeting June 1, 2020

Meeting time: 7:00 P.M.

Meeting Location: Lambert Park

Attendees: George Burnett, Cindy Harbison, Dan Slattery, Steve Swartz, LeeAnn Davis, Nick Davis, Rob Meranda, and Doug Bignell

Guests: Debbie Luzier from GRW Engineering

Meeting was called to order by George Burnett at 7:09 P.M.

First item of business was the Unified Development Ordinance (UDO). Debbie Luzier went through a summary of the chapters in the new document that combined the existing Zoning Ordinance and Subdivision Control Ordinance. She described the method used to format the new document and how it was organized. She also reviewed the ordinances to make any updates to comply with current State of Indiana laws or codes.

We then discussed next steps for the UDO. The document must be made available to the public at least 10 days prior to a public meeting. We could post a draft on our website. We would then schedule a public hearing for the month following. Then we would need to present the UDO to the Town Council for adoption.

No other business was discussed.

Next meeting will be at 6:30 on July 6, 2020

Meeting was adjourned at 7:35 P.M.
